

# SPARTAN SPORTS LIGHTING

## RETROFIT SOLUTION

At the heart of the Spartan Sports Lighting Retrofit Solution is the robust KSL2 - STRATOS Mini Sports Light. With superior performance, custom engineered optics, and multiple wattages, the STRATOS Mini Sports Light delivers uniform light levels across the field of play, ensuring the best player and fan experience.

Coupled with a pre-aimed mounting knuckle and an entirely internal wiring design, the STRATOS Mini Sports Light creates a clean solution that is easy to install for any retrofit lighting project.

## PRODUCT FEATURES

- Proprietary Spartan optics delivering 131-138 lm/W
- Includes a factory pre-aimed mounting knuckle
- Integral driver mount
- Robust die cast aluminum housing and knuckle
- Customized adaptor plate available, if required
- Pre-wired cross arm can be added to further ease installation
- Multiple light control options
- Standard 10 year warranty
- ETL Certified
